

Palmyra Macedon High School
Science Olympiad Invitational
151 Hyde Parkway
Palmyra, New York, 14522

Dear Science Olympiad Coach,

The Palmyra Macedon High School Science Olympiad Team cordially invites you to join us for our 2nd Annual Science Olympiad Invitational Tournament on Saturday, January 16, 2010.

We would like to run as many events as possible, but this can only occur with your help. We are requesting that one coach from each participating team supervise an event and bring the supplies, tests, answer key, and equipment on the day of the competition. If you are bringing two teams we ask that you supervise two events. The number of events will be based on the number of registrations that we have. You are more than welcome to supervise more than one event if you choose. There is a location on the registration form to choose the event(s) that you would like to supervise.

Please let everyone know about the 2010 Palmyra-Macedon Science Olympiad Invitational. The more events we can offer, the better the preparation for the Regional Science Olympiad Competition. This year each member of a competing team that wins 1st, 2nd, or 3rd will receive a medal for their event.

Due to facility constraints we will only be able to accept the first twenty-five teams. Districts may register up to three teams at \$75 per team. Each team registered must have one coach able to supervise an event. *****Registrations will be honored in the order that payment is received and is nonrefundable.*****

We look forward to meeting other Science Olympiad teams from the area and around the state. We hope that you will join this year and continue this tradition.

Sincerely,

Elizabeth Cowell *Jeffery Cheramie*

Registration Deadline: Friday December 11th

The registration fee of \$75 includes breakfast and lunch for coaches, trophies, medals, and the take home packet. **Food for students will be available at a modest cost.

NEW YORK STATE SCIENCE OLYMPIAD POLICY ON VANDALISM

Schools participating in the Palmyra-Macedon Science Olympiad Invitational must submit a copy of the Vandalism Policy signed by both the coach and principal of the school. The signed statement is to be submitted at the time of the on-site registration.

If a team member or members or persons associated with a team commit(s) an act of vandalism, the team will be disqualified from the competition and will receive no points. No member of that team will be awarded a medal in any event. An individual who commits an act of vandalism may be barred from future competitions.

Each sponsoring school must agree to pay the cost of repairing damage from any act of vandalism. A school must pay this restitution before it can register a team for the Science Olympiad in a subsequent year.

Vandalism means a deliberate action that results in damage to property. This includes, but is not limited to, graffiti, damage to a facility property and damage to the personal property of competitors, judges and spectators.

I have read and understand the New York State Science Olympiad policy on acceptable behavior including the prohibition of vandalism and discourtesy, and I have discussed this with the team members, and will accept the consequences of violation of the policy as assessed by the New York State Science Olympiad officials.
